

BACKEND DEVELOPER (M/F): REAL-TIME INDUSTRIAL ANALYTICS

FULL-TIME POSITION IN THE HEART OF MUNICH (MAXVORSTADT)

ABOUT US

We build state of the art sensor networks and web based applications for smart industrial position and process analytics. Core of our solution is a cutting edge radio technology for high precision localization and motion sensing of objects and people. Our awarded solution is a key technology for the Internet of things and an enabler for the smart factory of the future. Become an integral part of KINEXON and take on early responsibility in a young and dynamic company with flat hierarchies. Our team is engineering driven and passionate about solving challenges and building great things.

WHAT YOU WILL DO

- Development and improvement of our backend system for web-based applications.
- Development of a high-performance API as fundament for future web-based applications.
- Development of interfaces to the IT systems of our customers.
- Close collaboration with our frontend developers.

WHAT WE ARE LOOKING FOR

- Degree in computer science or equivalent.
- Experience in creating robust and scalable web services: Designing architecture and APIs, testing, deploying and operating the service.
- Very good knowledge in backend developing (e.g., PHP/Symfony or Node.js).
- Experience with database systems (e.g. SQL, NoSQL) and message queuing services.
- Ideally, knowledge in creating frontend applications.

WHAT YOU CAN EXPECT

- International team of passionate colleagues and tech enthusiasts with great team spirit and hands-on mentality.
- Outstanding career and development opportunities due to our strong growth and a steep learning curve.
- Fascinating system test & launch events with renowned customers.
- Startup feeling and a lot of fun at various team events around food, sports, party, or the annual "Oktoberfest".
- Competitive payment with bonus opportunity - and of course a lot of tasty coffee, fresh fruit and delicious sweets.

READY TO MAKE A DIFFERENCE AND SHAPE THE INTERNET OF THINGS?

Apply now! We are looking forward to receive your application (cover letter, CV, references and certificates) including your earliest start date! Please send your application to jobs@kinexon.com (contact: Lena Weber).
