

SENIOR FULL-STACK WEB DEVELOPER (M/F)

FULL-TIME POSITION IN THE HEART OF MUNICH (MAXVORSTADT)

ABOUT US

We build wearable devices and web-based applications for smart performance analysis in sports. Core of our solution is a cutting edge radio technology for high precision localization and motion sensing of objects and people. Our awarded solution is a key technology for the Internet of things. It shapes the way we generate and consume digital sports content. Become an integral part of KINEXON and take on early responsibility in a young and dynamic company with flat hierarchies. Our team is engineering driven and passionate about solving challenges and building great things.

WHAT YOU WILL DO

- Development of state-of-the-art web applications for the Internet of Things.
- Implementation of intuitive user interfaces.
- Development of a high-performance API as fundament for future web-based applications.
- Concept and implementation of interfaces to other systems.
- Design and implementation of test procedures.
- Working in cross functional teams with other engineers, designers, data analysts, product managers.

WHAT WE ARE LOOKING FOR

- Degree in computer science or equivalent.
- Profound knowledge of web technologies, especially JavaScript, HTML5 and CSS.
- Experience with JavaScript frameworks (such as AngularJS).
- Experience with database systems and message queuing services.
- Advanced experience in backend development with tools like PHP/Symfony and node.js.
- Experience with Git and agile software development is a plus.

WHAT YOU CAN EXPECT

- International team of passionate colleagues and tech enthusiasts with great team spirit and hands-on mentality.
- Outstanding career and development opportunities due to our strong growth and a steep learning curve.
- Fascinating system test & launch events with renowned customers.
- Startup feeling and a lot of fun at various team events around food, sports, party, or the annual "Oktoberfest".
- Competitive payment with bonus opportunity - and of course a lot of tasty coffee, fresh fruit and delicious sweets.

READY TO MAKE A DIFFERENCE AND SHAPE THE INTERNET OF THINGS?

Apply now! We are looking forward to receive your application (cover letter, CV, references and certificates) including your earliest start date! Please send your application to jobs@kinexon.com (contact: Lena Weber).
